

Anouk Edevane

Professor of Environmental Science | Westbrook | anouk.edevane@example.com

PROFESSIONAL SUMMARY

Comfortable working both independently and as part of a team in fast-moving environments. Interested in roles that combine practical problem solving with opportunities for personal growth. Known among colleagues for clear communication and a calm, organised approach to everyday work. Adapts well to new tools and processes and enjoys sharing knowledge with others.

CORE SKILLS

research design, grant writing, postgraduate supervision, curriculum development, statistical analysis, peer review, public engagement, fieldwork coordination, academic leadership, interdisciplinary collaboration, laboratory management, scientific writing.

PROFESSIONAL EXPERIENCE

Professor of Environmental Science — Kelpie Software (2022 – Present)

- Rolled out a soil carbon research project, increasing citation counts by 50%.
- Looked after student pastoral support during periods of change and shifting business priorities.
- Looked after research seminars and reading groups in line with the priorities agreed with senior stakeholders.
- Assisted with outreach events for local schools on a day-to-day basis alongside other routine responsibilities.
- Led a team of 15 to deliver a citizen science water quality project 4 weeks ahead of schedule.
- Documented collaborations with international research partners for both internal teams and external partners.
- Contributed to collaborations with international research partners during periods of change and shifting business priorities.
- Took part in doctoral and master's supervision while following established internal guidelines and quality standards.
- Handled student pastoral support on a day-to-day basis alongside other routine responsibilities.
- Reviewed student pastoral support in line with the priorities agreed with senior stakeholders.
- Handled outreach events for local schools with attention to accuracy, clarity and consistency.
- Handled outreach events for local schools and kept relevant documentation up to date for the wider team.
- Handled departmental committee work in line with the priorities agreed with senior stakeholders.
- Prepared undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Implemented a field methods module, growing student satisfaction scores by 31% year on year.
- Supported curriculum reviews and programme validation on a day-to-day basis alongside other routine responsibilities.
- Contributed to student pastoral support in line with the priorities agreed with senior stakeholders.
- Collaborated on doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Redesigned an industry partnership for sensor development now used by 4,875 researchers.
- Maintained laboratory safety and equipment management in close collaboration with colleagues across several departments.
- Organised research seminars and reading groups and kept relevant documentation up to date for the wider team.
- Documented doctoral and master's supervision for both internal teams and external partners.
- Took part in collaborations with international research partners and kept relevant documentation up to date for the wider team.

- Assisted with laboratory safety and equipment management while following established internal guidelines and quality standards.
- Looked after student pastoral support with attention to accuracy, clarity and consistency.
- Organised departmental committee work in close collaboration with colleagues across several departments.
- Maintained peer review for academic journals during periods of change and shifting business priorities.
- Documented peer review for academic journals using the tools and processes already in place within the organisation.
- Assisted with departmental committee work and kept relevant documentation up to date for the wider team.
- Organised undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Organised departmental committee work and kept relevant documentation up to date for the wider team.
- Assisted with undergraduate and postgraduate modules during periods of change and shifting business priorities.
- Prepared undergraduate and postgraduate modules using the tools and processes already in place within the organisation.
- Looked after peer review for academic journals as part of a small and friendly cross-functional team.
- Handled peer review for academic journals on a day-to-day basis alongside other routine responsibilities.

Associate Professor — Northwind Labs (2020 – 2022)

- Took part in peer review for academic journals in line with the priorities agreed with senior stakeholders.
- Collaborated on undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Helped coordinate collaborations with international research partners using the tools and processes already in place within the organisation.
- Assisted with research seminars and reading groups as part of a small and friendly cross-functional team.
- Monitored research seminars and reading groups for both internal teams and external partners.
- Took part in student pastoral support with attention to accuracy, clarity and consistency.
- Handled research seminars and reading groups in close collaboration with colleagues across several departments.
- Helped coordinate research seminars and reading groups on a day-to-day basis alongside other routine responsibilities.
- Maintained outreach events for local schools as part of a small and friendly cross-functional team.
- Handled departmental committee work using the tools and processes already in place within the organisation.
- Supported research seminars and reading groups in line with the priorities agreed with senior stakeholders.
- Supported curriculum reviews and programme validation in close collaboration with colleagues across several departments.
- Handled undergraduate and postgraduate modules in close collaboration with colleagues across several departments.
- Helped coordinate departmental committee work in line with the priorities agreed with senior stakeholders.
- Supported research seminars and reading groups as part of a small and friendly cross-functional team.
- Assisted with peer review for academic journals while following established internal guidelines and quality standards.
- Reviewed laboratory safety and equipment management during periods of change and shifting business priorities.

- Collaborated on doctoral and master's supervision in close collaboration with colleagues across several departments.
- Overhauled an interdisciplinary research centre that saved \$1215K per year.
- Collaborated on peer review for academic journals in line with the priorities agreed with senior stakeholders.
- Monitored research seminars and reading groups with attention to accuracy, clarity and consistency.
- Received the Outstanding Contributor Award for delivering a field methods module.
- Handled laboratory safety and equipment management using the tools and processes already in place within the organisation.
- Monitored laboratory safety and equipment management using the tools and processes already in place within the organisation.
- Reviewed outreach events for local schools for both internal teams and external partners.
- Organised doctoral and master's supervision in close collaboration with colleagues across several departments.
- Assisted with outreach events for local schools in line with the priorities agreed with senior stakeholders.
- Reviewed collaborations with international research partners with attention to accuracy, clarity and consistency.
- Spearheaded a new master's programme in climate adaptation, cutting time to publication from 21 to 7 days.
- Maintained laboratory safety and equipment management for both internal teams and external partners.
- Supported laboratory safety and equipment management in close collaboration with colleagues across several departments.
- Prepared outreach events for local schools in line with the priorities agreed with senior stakeholders.
- Assisted with curriculum reviews and programme validation as part of a small and friendly cross-functional team.
- Streamlined an interdisciplinary research centre within 6 months, generating \$540K in new revenue.
- Contributed to collaborations with international research partners as part of a small and friendly cross-functional team.

Senior Lecturer — Redwing Health (2016 – 2020)

- Looked after collaborations with international research partners and kept relevant documentation up to date for the wider team.
- Looked after outreach events for local schools with attention to accuracy, clarity and consistency.
- Handled research seminars and reading groups during periods of change and shifting business priorities.
- Reviewed curriculum reviews and programme validation for both internal teams and external partners.
- Monitored outreach events for local schools during periods of change and shifting business priorities.
- Collaborated on outreach events for local schools using the tools and processes already in place within the organisation.
- Handled laboratory safety and equipment management in line with the priorities agreed with senior stakeholders.
- Helped coordinate collaborations with international research partners on a day-to-day basis alongside other routine responsibilities.
- Assisted with outreach events for local schools using the tools and processes already in place within the organisation.
- Supported student pastoral support with attention to accuracy, clarity and consistency.
- Documented curriculum reviews and programme validation for both internal teams and external partners.
- Documented research seminars and reading groups for both internal teams and external partners.
- Prepared research seminars and reading groups and kept relevant documentation up to date for the wider team.

- Reviewed collaborations with international research partners as part of a small and friendly cross-functional team.
- Monitored undergraduate and postgraduate modules as part of a small and friendly cross-functional team.
- Maintained curriculum reviews and programme validation with attention to accuracy, clarity and consistency.
- Took part in research seminars and reading groups as part of a small and friendly cross-functional team.
- Collaborated on curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Documented outreach events for local schools for both internal teams and external partners.
- Handled student pastoral support and kept relevant documentation up to date for the wider team.
- Prepared outreach events for local schools on a day-to-day basis alongside other routine responsibilities.
- Monitored doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Monitored departmental committee work using the tools and processes already in place within the organisation.
- Monitored outreach events for local schools while following established internal guidelines and quality standards.
- Supported peer review for academic journals as part of a small and friendly cross-functional team.
- Monitored research seminars and reading groups in line with the priorities agreed with senior stakeholders.
- Maintained doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Looked after outreach events for local schools on a day-to-day basis alongside other routine responsibilities.
- Took part in curriculum reviews and programme validation during periods of change and shifting business priorities.
- Monitored curriculum reviews and programme validation with attention to accuracy, clarity and consistency.
- Supported student pastoral support in close collaboration with colleagues across several departments.

Lecturer — Meridian Works (2012 – 2016)

- Monitored doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Contributed to student pastoral support as part of a small and friendly cross-functional team.
- Organised departmental committee work as part of a small and friendly cross-functional team.
- Looked after outreach events for local schools in line with the priorities agreed with senior stakeholders.
- Helped coordinate doctoral and master's supervision during periods of change and shifting business priorities.
- Contributed to collaborations with international research partners with attention to accuracy, clarity and consistency.
- Maintained doctoral and master's supervision in close collaboration with colleagues across several departments.
- Contributed to outreach events for local schools using the tools and processes already in place within the organisation.
- Took part in outreach events for local schools using the tools and processes already in place within the organisation.
- Looked after outreach events for local schools as part of a small and friendly cross-functional team.
- Documented undergraduate and postgraduate modules in close collaboration with colleagues across several departments.
- Looked after research seminars and reading groups for both internal teams and external partners.

- Prepared student pastoral support while following established internal guidelines and quality standards.
- Supported laboratory safety and equipment management using the tools and processes already in place within the organisation.
- Looked after peer review for academic journals in close collaboration with colleagues across several departments.
- Organised undergraduate and postgraduate modules for both internal teams and external partners.
- Took part in outreach events for local schools in close collaboration with colleagues across several departments.
- Assisted with collaborations with international research partners while following established internal guidelines and quality standards.
- Helped coordinate doctoral and master's supervision using the tools and processes already in place within the organisation.
- Prepared laboratory safety and equipment management in line with the priorities agreed with senior stakeholders.
- Monitored student pastoral support on a day-to-day basis alongside other routine responsibilities.
- Looked after doctoral and master's supervision using the tools and processes already in place within the organisation.
- Maintained outreach events for local schools using the tools and processes already in place within the organisation.
- Assisted with curriculum reviews and programme validation using the tools and processes already in place within the organisation.
- Documented undergraduate and postgraduate modules during periods of change and shifting business priorities.
- Contributed to undergraduate and postgraduate modules using the tools and processes already in place within the organisation.
- Collaborated on research seminars and reading groups with attention to accuracy, clarity and consistency.
- Helped coordinate peer review for academic journals on a day-to-day basis alongside other routine responsibilities.
- Monitored peer review for academic journals in close collaboration with colleagues across several departments.
- Looked after peer review for academic journals with attention to accuracy, clarity and consistency.
- Helped coordinate laboratory safety and equipment management in close collaboration with colleagues across several departments.

Postdoctoral Research Fellow — Corvid Analytics (2007 – 2012)

- Took part in curriculum reviews and programme validation while following established internal guidelines and quality standards.
- Supported undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Supported laboratory safety and equipment management for both internal teams and external partners.
- Assisted with research seminars and reading groups on a day-to-day basis alongside other routine responsibilities.
- Took part in collaborations with international research partners on a day-to-day basis alongside other routine responsibilities.
- Supported peer review for academic journals in line with the priorities agreed with senior stakeholders.
- Organised research seminars and reading groups while following established internal guidelines and quality standards.
- Prepared doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Took part in peer review for academic journals as part of a small and friendly cross-functional team.
- Handled undergraduate and postgraduate modules and kept relevant documentation up to date for the wider team.

- Contributed to departmental committee work with attention to accuracy, clarity and consistency.
- Took part in student pastoral support as part of a small and friendly cross-functional team.
- Assisted with departmental committee work for both internal teams and external partners.
- Reviewed doctoral and master's supervision in close collaboration with colleagues across several departments.
- Prepared undergraduate and postgraduate modules on a day-to-day basis alongside other routine responsibilities.
- Helped coordinate undergraduate and postgraduate modules and kept relevant documentation up to date for the wider team.
- Contributed to peer review for academic journals for both internal teams and external partners.
- Prepared peer review for academic journals for both internal teams and external partners.
- Maintained doctoral and master's supervision as part of a small and friendly cross-functional team.
- Prepared departmental committee work during periods of change and shifting business priorities.
- Prepared laboratory safety and equipment management as part of a small and friendly cross-functional team.
- Documented laboratory safety and equipment management with attention to accuracy, clarity and consistency.
- Helped coordinate laboratory safety and equipment management for both internal teams and external partners.
- Maintained outreach events for local schools and kept relevant documentation up to date for the wider team.
- Organised curriculum reviews and programme validation and kept relevant documentation up to date for the wider team.
- Assisted with student pastoral support and kept relevant documentation up to date for the wider team.
- Prepared doctoral and master's supervision for both internal teams and external partners.
- Assisted with collaborations with international research partners in line with the priorities agreed with senior stakeholders.
- Monitored undergraduate and postgraduate modules and kept relevant documentation up to date for the wider team.
- Documented departmental committee work using the tools and processes already in place within the organisation.

EDUCATION

PhD in Environmental Science — University of Larkfield (2005)

Professional development in leadership and strategy — Halden Bay University (2011)

INTERESTS

Learning languages; Reading contemporary fiction; Chess and strategy games.
