Gideon Penhallow

Professor of Environmental Science | Westbrook | gideon.penhallow@example.com

PROFESSIONAL SUMMARY

Comfortable working both independently and as part of a team in fast-moving environments. Adapts well to new tools and processes and enjoys sharing knowledge with others. Dependable professional with a collaborative attitude and a genuine interest in continuous learning. Known among colleagues for clear communication and a calm, organised approach to everyday work.

CORE SKILLS

research design, grant writing, postgraduate supervision, curriculum development, statistical analysis, peer review, public engagement, fieldwork coordination, academic leadership, interdisciplinary collaboration, laboratory management, scientific writing.

PROFESSIONAL EXPERIENCE

Professor of Environmental Science — Oakhaven Services (2023 – Present)

- Collaborated on doctoral and master's supervision for both internal teams and external partners.
- Assisted with collaborations with international research partners using the tools and processes already in place within the organisation.
- Took part in doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Assisted with collaborations with international research partners on a day-to-day basis alongside other routine responsibilities.
- Monitored peer review for academic journals and kept relevant documentation up to date for the wider team.
- Contributed to student pastoral support during periods of change and shifting business priorities.
- Documented curriculum reviews and programme validation during periods of change and shifting business priorities.
- Organised outreach events for local schools in line with the priorities agreed with senior stakeholders.
- Looked after research seminars and reading groups as part of a small and friendly cross-functional team.
- Collaborated on student pastoral support with attention to accuracy, clarity and consistency.
- Assisted with doctoral and master's supervision using the tools and processes already in place within the organisation.
- Monitored undergraduate and postgraduate modules for both internal teams and external partners.
- Restructured a long-term river ecosystem monitoring study now used by 4,065 publications.
- Documented curriculum reviews and programme validation as part of a small and friendly cross-functional team.
- Introduced a long-term river ecosystem monitoring study now used by 1,470 doctoral candidates.
- Organised outreach events for local schools in close collaboration with colleagues across several departments.
- Prepared doctoral and master's supervision for both internal teams and external partners.
- Organised doctoral and master's supervision using the tools and processes already in place within the organisation.
- Helped coordinate research seminars and reading groups using the tools and processes already in place within the organisation.
- Maintained doctoral and master's supervision in line with the priorities agreed with senior stakeholders.
- Contributed to laboratory safety and equipment management using the tools and processes already in place within the organisation.
- Took part in peer review for academic journals for both internal teams and external partners.
- Introduced an interdisciplinary research centre within 3 months, generating $780K in new revenue.

- Contributed to departmental committee work in close collaboration with colleagues across several departments.
- Documented curriculum reviews and programme validation with attention to accuracy, clarity and consistency.
- Collaborated on collaborations with international research partners and kept relevant documentation up to date for the wider team.
- Monitored laboratory safety and equipment management in line with the priorities agreed with senior stakeholders.
- Documented undergraduate and postgraduate modules for both internal teams and external partners.
- Maintained collaborations with international research partners for both internal teams and external partners.
- Contributed to peer review for academic journals as part of a small and friendly cross-functional team.
- Supported doctoral and master's supervision using the tools and processes already in place within the organisation.
- Assisted with student pastoral support on a day-to-day basis alongside other routine responsibilities.
- Assisted with curriculum reviews and programme validation on a day-to-day basis alongside other routine responsibilities.
- Documented collaborations with international research partners using the tools and processes already in place within the organisation.
- Handled departmental committee work for both internal teams and external partners.
- Took part in student pastoral support with attention to accuracy, clarity and consistency.
- Prepared departmental committee work with attention to accuracy, clarity and consistency.
- Assisted with undergraduate and postgraduate modules while following established internal guidelines and quality standards.
- Prepared curriculum reviews and programme validation during periods of change and shifting business priorities.
- Organised student pastoral support while following established internal guidelines and quality standards.

Associate Professor — Redwing Health (2021 – 2023)

- Handled student pastoral support with attention to accuracy, clarity and consistency.
- Documented doctoral and master's supervision in line with the priorities agreed with senior stakeholders.
- Looked after collaborations with international research partners while following established internal guidelines and quality standards.
- Looked after laboratory safety and equipment management as part of a small and friendly cross-functional team.
- Reviewed peer review for academic journals in line with the priorities agreed with senior stakeholders.
- Received the Outstanding Contributor Award for delivering a new master's programme in climate adaptation.
- Monitored collaborations with international research partners on a day-to-day basis alongside other routine responsibilities.
- Prepared undergraduate and postgraduate modules and kept relevant documentation up to date for the wider team.
- Took part in research seminars and reading groups in close collaboration with colleagues across several departments.
- Monitored student pastoral support in line with the priorities agreed with senior stakeholders.
- Contributed to research seminars and reading groups using the tools and processes already in place within the organisation.
- Collaborated on undergraduate and postgraduate modules on a day-to-day basis alongside other routine responsibilities.
- Prepared laboratory safety and equipment management with attention to accuracy, clarity and consistency.

- Spearheaded a soil carbon research project, reducing sample processing time by 12% within 5 months.
- Reviewed outreach events for local schools in close collaboration with colleagues across several departments.
- Took part in research seminars and reading groups while following established internal guidelines and quality standards.
- Organised collaborations with international research partners using the tools and processes already in place within the organisation.
- Spearheaded an open data repository for environmental samples that saved $330K per year.
- Collaborated on peer review for academic journals during periods of change and shifting business priorities.
- Handled student pastoral support as part of a small and friendly cross-functional team.
- Collaborated on departmental committee work using the tools and processes already in place within the organisation.
- Looked after research seminars and reading groups while following established internal guidelines and quality standards.
- Organised undergraduate and postgraduate modules while following established internal guidelines and quality standards.
- Took part in outreach events for local schools for both internal teams and external partners.
- Helped coordinate research seminars and reading groups as part of a small and friendly cross-functional team.
- Documented curriculum reviews and programme validation and kept relevant documentation up to date for the wider team.
- Collaborated on doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Supported outreach events for local schools on a day-to-day basis alongside other routine responsibilities.
- Monitored research seminars and reading groups on a day-to-day basis alongside other routine responsibilities.
- Collaborated on departmental committee work on a day-to-day basis alongside other routine responsibilities.
- Helped coordinate doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Collaborated on departmental committee work and kept relevant documentation up to date for the wider team.
- Documented outreach events for local schools as part of a small and friendly cross-functional team.
- Reviewed doctoral and master's supervision during periods of change and shifting business priorities.
- Documented departmental committee work for both internal teams and external partners.
- Prepared student pastoral support on a day-to-day basis alongside other routine responsibilities.
- Prepared laboratory safety and equipment management on a day-to-day basis alongside other routine responsibilities.
- Took part in undergraduate and postgraduate modules on a day-to-day basis alongside other routine responsibilities.
- Led a team of 12 to deliver a new master's programme in climate adaptation 6 weeks ahead of schedule.
- Documented departmental committee work using the tools and processes already in place within the organisation.
- Helped coordinate departmental committee work on a day-to-day basis alongside other routine responsibilities.
- Automated a citizen science water quality project that saved $945K per year.

Senior Lecturer — Saltmarsh Consulting (2016 – 2021)

- Maintained laboratory safety and equipment management in close collaboration with colleagues across several departments.

- Supported laboratory safety and equipment management on a day-to-day basis alongside other routine responsibilities.
- Prepared student pastoral support during periods of change and shifting business priorities.
- Looked after curriculum reviews and programme validation using the tools and processes already in place within the organisation.
- Reviewed departmental committee work in line with the priorities agreed with senior stakeholders.
- Took part in curriculum reviews and programme validation on a day-to-day basis alongside other routine responsibilities.
- Contributed to research seminars and reading groups as part of a small and friendly cross-functional team.
- Looked after undergraduate and postgraduate modules using the tools and processes already in place within the organisation.
- Prepared departmental committee work for both internal teams and external partners.
- Assisted with collaborations with international research partners in close collaboration with colleagues across several departments.
- Prepared laboratory safety and equipment management while following established internal guidelines and quality standards.
- Assisted with student pastoral support with attention to accuracy, clarity and consistency.
- Prepared curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Contributed to outreach events for local schools while following established internal guidelines and quality standards.
- Assisted with outreach events for local schools as part of a small and friendly cross-functional team.
- Supported collaborations with international research partners in line with the priorities agreed with senior stakeholders.
- Monitored departmental committee work for both internal teams and external partners.
- Assisted with student pastoral support as part of a small and friendly cross-functional team.
- Prepared research seminars and reading groups on a day-to-day basis alongside other routine responsibilities.
- Launched an interdisciplinary research centre, reducing student dropout rates by 35% within 11 months.
- Prepared undergraduate and postgraduate modules in line with the priorities agreed with senior stakeholders.
- Monitored undergraduate and postgraduate modules in close collaboration with colleagues across several departments.
- Organised doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Took part in doctoral and master's supervision for both internal teams and external partners.
- Took part in undergraduate and postgraduate modules for both internal teams and external partners.
- Handled outreach events for local schools for both internal teams and external partners.
- Collaborated on student pastoral support while following established internal guidelines and quality standards.
- Assisted with curriculum reviews and programme validation with attention to accuracy, clarity and consistency.
- Collaborated on research seminars and reading groups for both internal teams and external partners.
- Contributed to doctoral and master's supervision for both internal teams and external partners.
- Looked after doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Prepared student pastoral support as part of a small and friendly cross-functional team.
- Took part in student pastoral support for both internal teams and external partners.
- Looked after student pastoral support while following established internal guidelines and quality standards.

- Looked after peer review for academic journals while following established internal guidelines and quality standards.
- Maintained laboratory safety and equipment management in line with the priorities agreed with senior stakeholders.
- Monitored undergraduate and postgraduate modules while following established internal guidelines and quality standards.
- Helped coordinate outreach events for local schools while following established internal guidelines and quality standards.

Lecturer — Brightmoor Retail (2014 – 2016)

- Organised curriculum reviews and programme validation while following established internal guidelines and quality standards.
- Contributed to curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Assisted with undergraduate and postgraduate modules and kept relevant documentation up to date for the wider team.
- Took part in research seminars and reading groups in line with the priorities agreed with senior stakeholders.
- Contributed to collaborations with international research partners in line with the priorities agreed with senior stakeholders.
- Monitored departmental committee work using the tools and processes already in place within the organisation.
- Organised undergraduate and postgraduate modules in line with the priorities agreed with senior stakeholders.
- Maintained undergraduate and postgraduate modules during periods of change and shifting business priorities.
- Prepared curriculum reviews and programme validation for both internal teams and external partners.
- Took part in collaborations with international research partners in close collaboration with colleagues across several departments.
- Reviewed curriculum reviews and programme validation and kept relevant documentation up to date for the wider team.
- Documented doctoral and master's supervision on a day-to-day basis alongside other routine responsibilities.
- Collaborated on doctoral and master's supervision while following established internal guidelines and quality standards.
- Assisted with student pastoral support using the tools and processes already in place within the organisation.
- Supported outreach events for local schools during periods of change and shifting business priorities.
- Looked after peer review for academic journals during periods of change and shifting business priorities.
- Supported research seminars and reading groups on a day-to-day basis alongside other routine responsibilities.
- Took part in peer review for academic journals while following established internal guidelines and quality standards.
- Maintained outreach events for local schools in close collaboration with colleagues across several departments.
- Reviewed student pastoral support in line with the priorities agreed with senior stakeholders.
- Monitored student pastoral support and kept relevant documentation up to date for the wider team.
- Looked after doctoral and master's supervision as part of a small and friendly cross-functional team.
- Supported outreach events for local schools as part of a small and friendly cross-functional team.
- Helped coordinate doctoral and master's supervision with attention to accuracy, clarity and consistency.
- Took part in outreach events for local schools with attention to accuracy, clarity and consistency.

- Assisted with curriculum reviews and programme validation in close collaboration with colleagues across several departments.
- Handled curriculum reviews and programme validation on a day-to-day basis alongside other routine responsibilities.
- Looked after research seminars and reading groups in close collaboration with colleagues across several departments.
- Led a team of 18 to deliver an industry partnership for sensor development 6 weeks ahead of schedule.
- Looked after student pastoral support as part of a small and friendly cross-functional team.
- Contributed to collaborations with international research partners in close collaboration with colleagues across several departments.
- Took part in research seminars and reading groups for both internal teams and external partners.
- Assisted with doctoral and master's supervision and kept relevant documentation up to date for the wider team.
- Helped coordinate curriculum reviews and programme validation for both internal teams and external partners.
- Organised undergraduate and postgraduate modules in close collaboration with colleagues across several departments.
- Looked after laboratory safety and equipment management and kept relevant documentation up to date for the wider team.
- Maintained doctoral and master's supervision in close collaboration with colleagues across several departments.
- Handled collaborations with international research partners for both internal teams and external partners.

Postdoctoral Research Fellow — Ironbridge Logistics (2010 – 2014)

- Organised student pastoral support as part of a small and friendly cross-functional team.
- Contributed to undergraduate and postgraduate modules in close collaboration with colleagues across several departments.
- Handled undergraduate and postgraduate modules during periods of change and shifting business priorities.
- Took part in laboratory safety and equipment management during periods of change and shifting business priorities.
- Assisted with doctoral and master's supervision with attention to accuracy, clarity and consistency.
- Documented laboratory safety and equipment management in line with the priorities agreed with senior stakeholders.
- Reviewed doctoral and master's supervision using the tools and processes already in place within the organisation.
- Looked after undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Organised curriculum reviews and programme validation with attention to accuracy, clarity and consistency.
- Maintained student pastoral support for both internal teams and external partners.
- Monitored collaborations with international research partners using the tools and processes already in place within the organisation.
- Contributed to research seminars and reading groups and kept relevant documentation up to date for the wider team.
- Assisted with departmental committee work on a day-to-day basis alongside other routine responsibilities.
- Reviewed curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Handled curriculum reviews and programme validation as part of a small and friendly cross-functional team.

- Assisted with departmental committee work while following established internal guidelines and quality standards.
- Monitored outreach events for local schools on a day-to-day basis alongside other routine responsibilities.
- Documented outreach events for local schools in line with the priorities agreed with senior stakeholders.
- Spearheaded an industry partnership for sensor development that saved $675K per year.
- Helped coordinate departmental committee work and kept relevant documentation up to date for the wider team.
- Assisted with student pastoral support for both internal teams and external partners.
- Documented curriculum reviews and programme validation on a day-to-day basis alongside other routine responsibilities.
- Monitored curriculum reviews and programme validation as part of a small and friendly cross-functional team.
- Contributed to student pastoral support while following established internal guidelines and quality standards.
- Collaborated on outreach events for local schools as part of a small and friendly cross-functional team.
- Assisted with outreach events for local schools for both internal teams and external partners.
- Helped coordinate undergraduate and postgraduate modules with attention to accuracy, clarity and consistency.
- Supported departmental committee work as part of a small and friendly cross-functional team.
- Handled curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Monitored curriculum reviews and programme validation in line with the priorities agreed with senior stakeholders.
- Looked after peer review for academic journals as part of a small and friendly cross-functional team.
- Organised research seminars and reading groups in line with the priorities agreed with senior stakeholders.
- Handled peer review for academic journals and kept relevant documentation up to date for the wider team.
- Assisted with departmental committee work and kept relevant documentation up to date for the wider team.
- Assisted with laboratory safety and equipment management on a day-to-day basis alongside other routine responsibilities.
- Helped coordinate laboratory safety and equipment management in close collaboration with colleagues across several departments.
- Delivered a soil carbon research project, growing student satisfaction scores by 18% year on year.
- Assisted with laboratory safety and equipment management during periods of change and shifting business priorities.
- Looked after outreach events for local schools as part of a small and friendly cross-functional team.

EDUCATION

PhD in Environmental Science — Eastmoor Polytechnic (2008)

Professional development in leadership and strategy — Eastmoor Polytechnic (2014)

INTERESTS

Amateur astronomy; Hiking and outdoor photography; Chess and strategy games.
